

Special Notice to Dublin Businesses Impacted by COVID-19 (Coronavirus)

Has Your Business Suffered Economic Losses Due to COVID-19 (Coronavirus)?

The City of Dublin's Economic Development Division is working with the State and Alameda County to identify businesses suffering substantial economic injury as a result of COVID-19 (Coronavirus).

If your business has suffered losses due to COVID-19 (Coronavirus), please fill out the below form ASAP. This simple form will help provide supporting documentation that Alameda County is required to submit to the State in order to request an Economic Injury Disaster Loan Declaration. This information in any other format will also be acceptable.

Background Information

Earlier this week, the President signed the Coronavirus Preparedness and Response Supplemental Appropriations Act including an Economic Injury Disaster Loan declaration.

This action allows the U.S. Small Business Administration to offer low-interest federal disaster loans for working capital to small businesses suffering substantial economic injury as a result of the COVID-19 (Coronavirus) to designated states and territories. These loans may be used to pay fixed debts, payroll, accounts payable and other bills that can't be paid because of the disaster's impact.

In order for California businesses to qualify, Governor Newsom must submit a request for Economic Injury Disaster Loan assistance for impacted area(s) in the State.
